<sup>(a)</sup> Net investment income (loss) per share has been calculated based on average shares outstanding during the years.

<sup>(b)</sup> Realized and unrealized gains and losses per share in the caption are balancing amounts necessary to reconcile the change in net asset value per share for the years and may not reconcile with the aggregate gains and losses in the Statement of Operations due to share transactions for the years.

<sup>(c)</sup> Amount represents less than \$0.005 per share.

<sup>(d)</sup> Effective October 28, 2023, the Fund does not charge redemption fees. Prior to October 28, 2023, a redemption fee of 1.00% was assessed against shares held for seven calendar days or less.

<sup>(a)</sup> Net investment income (loss) per share has been calculated based on average shares outstanding during the years.

<sup>(b)</sup> Realized and unrealized gains and losses per share in the caption are balancing amounts necessary to reconcile the change in net asset value per share for the years and may not reconcile with the aggregate gains and losses in the Statement of Operations due to share transactions for the years.

<sup>(c)</sup> Amount represents less than \$0.005 per share.

<sup>(d)</sup> Effective October 28, 2023, the Fund does not charge redemption fees. Prior to October 28, 2023, a redemption fee of 1.00% was assessed against shares held for seven calendar days or less.

*The accompanying notes are an integral part of these financial statements.*

**DAVIDSON MULTI-CAP EQUITY FUND**  
**NOTES TO FINANCIAL STATEMENTS**  
at June 30, 2026

**NOTE 1 – ORGANIZATION**

The Davidson Multi-Cap Equity Fund (the “Fund”) is a diversified series of Advisors Series Trust (the “Trust”), which is registered under the Investment Company Act of 1940, as amended, (the “1940 Act”) as an open-end management investment company. The Fund follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standard Codification Topic 946 “Financial Services – Investment Companies”. The Fund’s investment objective is to seek long-term capital appreciation. The Fund offers Class A and Class I shares. The Fund’s Class A shares and Class I shares commenced operations on August 11, 2008 and October 30, 2013, respectively. Class A shares are subject to a maximum front-end sales load of 3.50%, which decreases depending on the amount invested.

**NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES**

The following is a summary of significant accounting policies consistently followed by the Fund. These policies are in conformity with accounting principles generally accepted in the United States of America.

- A. *Security Valuation:* All investments in securities are recorded at their estimated fair value, as described in Note 3.
- B. *Federal Income Taxes:* It is the Fund’s policy to comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income to its shareholders. Therefore, no Federal income or excise tax provision is required.

The Fund recognizes the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. The tax returns of the Fund’s prior three fiscal years are open for examination. Management has reviewed all open tax years in major jurisdictions and concluded that there is no impact on the Fund’s net assets and no tax liability resulting from unrecognized tax events relating to uncertain income tax positions taken or expected to be taken on the tax return. The Fund identifies its major tax jurisdictions as U.S. Federal and the state of Wisconsin; however the Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months.

- C. *Securities Transactions, Income and Distributions:* Securities transactions are accounted for on the trade date. Realized gains and losses on securities sold are determined on the basis of identified cost. Interest income is recorded on an accrual basis. Dividend income and distributions to shareholders are recorded on the ex-dividend date. Withholding taxes on foreign dividends have been provided for in accordance with the Fund’s understanding of the applicable country’s tax rules and rates.

The Fund distributes substantially all of its net investment income, if any, and net realized capital gains, if any, annually. Distributions from net realized gains for book purposes may include short-term capital gains. All short-term capital gains are included in ordinary income for tax purposes. The amount of dividends and distributions to shareholders from net investment income and net realized capital gains is determined in accordance with federal income tax regulations, which differ from accounting principles generally accepted in the United States of America. To the extent these book/tax differences are permanent, such amounts are reclassified within the capital accounts based on their federal tax treatment.

Investment income, expenses (other than those specific to the class of shares), and realized and unrealized gains and losses on investments are allocated to the separate classes of the Fund’s shares based upon their relative net assets on the date income is earned or expensed and realized and unrealized gains and losses are incurred.

**DAVIDSON MULTI-CAP EQUITY FUND**  
**NOTES TO FINANCIAL STATEMENTS**  
at June 30, 2026 (Continued)

The Fund is charged for those expenses that are directly attributable to it, such as investment advisory, custody and transfer agent fees. Expenses that are not attributable to a fund are typically allocated among the funds in the Trust proportionately based on allocation methods approved by the Board of Trustees (the "Board"). Common expenses of the Trust are typically allocated among the funds in the Trust based on a fund's respective net assets, or by other equitable means.

- D. *Reclassification of Capital Accounts:* Accounting principles generally accepted in the United States of America require that certain components of net assets relating to permanent differences be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share. For the year ended June 30, 2026, the Fund made the following permanent tax adjustments on the statement of assets and liabilities:

| Distributable<br>Earnings | Paid-in<br>Capital |
|---------------------------|--------------------|
| \$(4,248,511)             | \$4,248,511        |

- E. *Use of Estimates:* The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets during the reporting period. Actual results could differ from those estimates.
- F. *Redemption Fees:* Effective October 28, 2023, the Fund does not charge a redemption fee. Prior to October 28, 2023, the Fund charged a 1.00% redemption fee to shareholders who redeemed shares held for seven days or less. Such fees were retained by the Fund and accounted for as an addition to paid-in capital.
- G. *Events Subsequent to the Fiscal Year End:* In preparing the financial statements as of June 30, 2026, management considered the impact of subsequent events for potential recognition or disclosure in the financial statements. Management has determined there were no subsequent events that would need to be disclosed in the Fund's financial statements.

### **NOTE 3 – SECURITIES VALUATION**

The Fund has adopted authoritative fair value accounting standards which establish an authoritative definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value, a discussion in changes in valuation techniques and related inputs during the period and expanded disclosure of valuation levels for majority security types. These inputs are summarized in the three broad levels listed below:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.
- Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.
- Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

Following is a description of the valuation techniques applied to the Fund's major categories of assets and liabilities measured at fair value on a recurring basis.

**DAVIDSON MULTI-CAP EQUITY FUND**  
**NOTES TO FINANCIAL STATEMENTS**  
at June 30, 2026 (Continued)

The Fund determines the fair value of its investments and computes its net asset value per share as of the close of regular trading on the New York Stock Exchange (4:00 pm EST).

*Equity Securities:* The Fund's investments are carried at fair value. Equity securities, including common stocks, real estate investment trusts, and exchange-traded funds, that are primarily traded on a national securities exchange shall be valued at the last sale price on the exchange on which they are primarily traded on the day of valuation or, if there has been no sale on such day, at the mean between the bid and asked prices. Securities primarily traded in the NASDAQ Global Market System for which market quotations are readily available shall be valued using the NASDAQ Official Closing Price ("NOCP"). If the NOCP is not available, such securities shall be valued at the last sale price on the day of valuation, or if there has been no sale on such day, at the mean between the bid and asked prices. Over-the-counter securities which are not traded in the NASDAQ Global Market System shall be valued at the most recent sales price. To the extent, these securities are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy.

*Investment Companies:* Investments in open-end mutual funds, including money market funds, are generally priced at their net asset value per share provided by the service agent of the funds and will be classified in Level 1 of the fair value hierarchy.

*Short-Term Debt Securities:* Short-term debt securities, including those securities having a maturity of 60 days or less, are valued at the evaluated mean between the bid and asked prices. To the extent the inputs are observable and timely, these securities would be classified in Level 2 of the fair value hierarchy.

Depending on the relative significance of the valuation inputs, fair valued securities may be classified in either Level 2 or Level 3 of the fair value hierarchy.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities. The following is a summary of the inputs used to value the Fund's securities as of June 30, 2026:

|                                     | Level 1              | Level 2     | Level 3     | Total                |
|-------------------------------------|----------------------|-------------|-------------|----------------------|
| Common Stocks . . . . .             | \$125,351,331        | \$ —        | \$ —        | \$125,351,331        |
| Real Estate Investment Trusts . . . | 4,414,768            | —           | —           | 4,414,768            |
| Short-Term Investments . . . . .    | 528,456              | —           | —           | 528,456              |
| <b>Total Investments . . . . .</b>  | <b>\$130,294,555</b> | <b>\$ —</b> | <b>\$ —</b> | <b>\$130,294,555</b> |

Refer to the Fund's schedule of investments for a detailed break-out of securities by industry classification.

*Accounting Pronouncements:*

The Board of Trustees (the "Board") has adopted a valuation policy for use by the Fund and its Valuation Designee (as defined below) in calculating the Fund's net asset value ("NAV"). Pursuant to Rule 2a-5 under the 1940 Act, the Board has designated the Fund's investment advisor, Davidson Investment Advisors, Inc. ("Advisor"), as the "Valuation Designee" to perform all of the fair value determinations as well as to perform all of the responsibilities that may be performed by the Valuation Designee in accordance with Rule 2a-5, subject to the Board's oversight. The Advisor, as Valuation Designee is, authorized to make all necessary determinations of the fair values of portfolio securities and other assets for which market quotations are not readily available or if it is deemed that the prices obtained from brokers and dealers or independent pricing services are unreliable.

In December 2023, the FASB issued ASU 2023-09 Income Taxes (Topic 740): Improvements to Income Tax Disclosures. Effective for annual periods beginning after December 15, 2024, the amendments require greater disaggregation of disclosures related to income taxes paid. The ASU allows for early adoption and amendments should be applied on a prospective basis. Management has determined that this guidance did not materially impact the Fund's financial statements.

**DAVIDSON MULTI-CAP EQUITY FUND**  
**NOTES TO FINANCIAL STATEMENTS**  
at June 30, 2026 (Continued)

Management has evaluated the impact of adopting ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures with respect to the financial statements and disclosures and determined there is no material impact for the Fund. The Fund operates as a single segment entity. The Fund's income, expenses, assets, and performance are regularly monitored and assessed by the President, Chief Investment Officer and Chief Operating Officer, who serve jointly as the chief operating decision maker, using the information presented in the financial statements and financial highlights.

**NOTE 4 – INVESTMENT ADVISORY FEE AND OTHER TRANSACTIONS WITH AFFILIATES**

The Advisor provides the Fund with investment management services under an investment advisory agreement. The Advisor furnishes all investment advice, office space, facilities, and provides most of the personnel needed by the Fund. As compensation for its services, the Advisor is entitled to a monthly fee at the annual rate of 0.65% based upon the average daily net assets of the Fund. For the year ended June 30, 2026, the Fund incurred \$904,844 in advisory fees. Advisory fees payable at June 30, 2026 for the Fund were \$63,007.

The Fund is responsible for its own operating expenses. The Advisor has contractually agreed to waive all or a portion of its management fees and pay expenses of the Fund to ensure that the total annual fund operating expenses (excluding acquired fund fees and expenses, taxes, interest expense, dividend on securities sold short and extraordinary expenses, Rule 12b-1 fees, shareholder servicing fees, and other class-specific expenses) do not exceed 0.90% of average daily net assets of the Fund. Any such reductions made by the Advisor in its fees or payment of expenses which are the Fund's obligation are subject to reimbursement by the Fund to the Advisor, if so requested by the Advisor, in any subsequent month in the 36-month period from the date of the management fee reduction and expense payment if the aggregate amount actually paid by the Fund toward the operating expenses for such fiscal year (taking into account the reimbursement) will not cause the Fund to exceed the lesser of: (1) the expense limitation in place at the time of the management fee reduction and expense payment; or (2) the expense limitation in place at the time of the reimbursement. Any such reimbursement is also contingent upon Board review and approval. Such reimbursement may not be paid prior to the Fund's payment of current ordinary operating expenses. For the year ended June 30, 2026, the Advisor reduced its fees and absorbed Fund expenses in the amount of \$69,442. The Advisor may recapture portions of the amounts shown below no later than the corresponding dates:

| 6/30/2027 | 6/30/2028 | 6/30/2029 | Total     |
|-----------|-----------|-----------|-----------|
| \$156,089 | \$151,050 | \$69,442  | \$376,581 |

U.S. Bancorp Fund Services, LLC, doing business as U.S. Bank Global Fund Services ("Fund Services") serves as the Fund's administrator, fund accountant and transfer agent. U.S. Bank N.A. serves as the custodian (the "Custodian") to the Fund. The Custodian is an affiliate of Fund Services. Fund Services maintains the Fund's books and records, calculates the Fund's NAV, prepares various federal and state regulatory filings, coordinates the payment of fund expenses, reviews expense accruals and prepares materials supplied to the Board.

The officers of the Trust and the Chief Compliance Officer are also employees of Fund Services. Fees paid by the Fund for administration and accounting, transfer agency, custody and compliance services for the year ended June 30, 2026, are disclosed in the statement of operations.

Quasar Distributors, LLC ("Quasar" or the "Distributor") acts as the Fund's principal underwriter in a continuous public offering of the Fund's shares. Quasar is a wholly-owned subsidiary of Foreside Financial Group, LLC, doing business as ACA Group.

The Distributor has advised the Fund that it has received \$18,107 in front-end sales charges resulting from sales of Class A shares. For the year ended June 30, 2026, the Distributor paid commissions of \$17,457 to D.A. Davidson & Co. ("DAD"), the Advisor's affiliated broker dealer. Additionally, DAD will receive all of the initial sales charges for purchases of Class A shares of the Fund without a dealer of record and the 1.00% charge on Class A shares redeemed within twelve months of purchase.

**DAVIDSON MULTI-CAP EQUITY FUND**  
**NOTES TO FINANCIAL STATEMENTS**  
at June 30, 2026 (Continued)

**NOTE 5 – DISTRIBUTION AGREEMENT AND PLAN**

The Fund has adopted a Distribution Plan pursuant to Rule 12b-1 (the “Plan”). The Plan permits the Fund to pay the Distributor for distribution and related expenses at an annual rate of up to 0.25% of the Class A shares average daily net assets. The expenses covered by the Plan may include the cost of preparing and distributing prospectuses and other sales material, advertising and public relations expenses, payments to financial intermediaries and compensation of personnel involved in selling shares of the Fund. Payments made pursuant to the Plan will represent compensation for distribution and service activities, not reimbursements for specific expenses incurred. For the year ended June 30, 2026, the 12b-1 distribution fees incurred under the Plan by the Fund’s shares are disclosed in the statement of operations.

**NOTE 6 – PURCHASES AND SALES OF SECURITIES**

For the year ended June 30, 2026, the cost of purchases and the proceeds from sales of securities, excluding short-term securities, were \$26,363,679 and \$56,511,551 respectively. There were no purchases or sales of long-term U.S. Government securities.

For the year ended June 30, 2026, the proceeds from sales of securities, excluding short-term securities, includes securities redeemed in-kind of \$6,676,657.

**NOTE 7 – INCOME TAXES AND DISTRIBUTIONS TO SHAREHOLDERS**

The tax character of distributions paid during the year ended June 30, 2026 and year ended June 30, 2025 was as follows:

|                                   | Year Ended June 30, |            |
|-----------------------------------|---------------------|------------|
|                                   | 2026                | 2025       |
| Ordinary income . . . . .         | \$1,742,987         | \$ 518,481 |
| Long-term capital gains . . . . . | 8,170,452           | 1,771,428  |

As of June 30, 2026, the components of accumulated earnings/(losses) on a tax basis were as follows:

|                                                                         |                     |
|-------------------------------------------------------------------------|---------------------|
| Cost of investments <sup>(a)</sup> . . . . .                            | <u>\$73,556,305</u> |
| Gross tax unrealized appreciation . . . . .                             | 60,648,911          |
| Gross tax unrealized depreciation . . . . .                             | <u>(3,910,661)</u>  |
| Net tax unrealized appreciation (depreciation) <sup>(a)</sup> . . . . . | <u>56,738,250</u>   |
| Undistributed ordinary income . . . . .                                 | 1,111,079           |
| Undistributed Long-term Gains . . . . .                                 | <u>14,645,337</u>   |
| Total distributable earnings . . . . .                                  | <u>15,756,416</u>   |
| Total accumulated earnings/(losses) . . . . .                           | <u>\$72,494,666</u> |

<sup>(a)</sup> The difference between book-basis and tax-basis net unrealized appreciation (depreciation) and cost is attributable primarily to the tax deferral of losses on wash sales.

**DAVIDSON MULTI-CAP EQUITY FUND**  
**NOTES TO FINANCIAL STATEMENTS**  
at June 30, 2026 (Continued)

**NOTE 8 – PRINCIPAL RISKS**

Below is a summary of some, but not all, of the principal risks of investing in the Fund, each of which may adversely affect the Fund's net asset value and total return. The Fund's most recent prospectus provides further descriptions of the Fund's investment objective, principal investment strategies and principal risks.

- **Economic and Market Risk.** Economies and financial markets throughout the world are becoming increasingly interconnected, which increases the likelihood that events or conditions in one country or region will adversely impact markets or issuers in other countries or regions. Securities in the Fund's portfolio may underperform in comparison to securities in general financial markets, a particular financial market or other asset classes due to a number of factors, including: inflation (or expectations for inflation); deflation (or expectations for deflation); interest rates; market instability; financial system instability; debt crises and downgrades; embargoes; tariffs; sanctions and other trade barriers; regulatory events; other governmental trade or market control programs and related geopolitical events. In addition, the value of the Fund's investments may be negatively affected by the occurrence of global events such as war, terrorism, environmental disasters, natural disasters or events, country instability, and infectious disease epidemics or pandemics. The imposition by the U.S. of tariffs on goods imported from foreign countries and reciprocal tariffs levied on U.S. goods by those countries also may lead to volatility and instability in domestic and foreign markets.
- **Equity Securities Risk.** The price of equity securities may rise or fall because of economic or political changes or changes in a company's financial condition, sometimes rapidly or unpredictably. These price movements may result from factors affecting individual companies, sectors or industries selected for the Fund's portfolio or the securities market as a whole, such as changes in economic or political conditions.
- **Management Risk.** Your investment in the Fund varies with the success and failure of the Advisor's investment strategies and the Advisor's research, analysis and determination of portfolio securities.
- **Small and Medium Companies Risk.** Investing in securities of small and medium capitalization companies may involve greater volatility than investing in larger and more established companies because small and medium capitalization companies can be subject to more abrupt or erratic share price changes than larger, more established companies.
- **Real Estate Investment Trust (REIT) Risk.** Investments in REITs will be subject to the risks associated with the direct ownership of real estate. Risks commonly associated with the direct ownership of real estate include fluctuations in the value of underlying properties, defaults by borrowers or tenants, changes in interest rates and risks related to general or local economic conditions. REITs have their own expenses, and the Fund will bear a proportionate share of those expenses. In addition, the value of an individual REIT's securities can decline if the REIT fails to continue qualifying for special tax treatment.
- **Foreign and Emerging Market Securities Risk.** Foreign securities may be more volatile and less liquid than domestic (U.S.) securities, which could affect the Fund's investments. Securities markets of other countries are generally smaller than U.S. securities markets. These risks are enhanced in emerging markets.
- **ETF and Mutual Fund Risk.** When the Fund invests in a mutual fund or ETF, it will bear additional expenses based on its pro rata share of the mutual fund's or ETF's operating expenses, including the potential duplication of management fees. The risk of owning a mutual fund or ETF generally reflects the risks of owning the underlying securities the mutual fund or ETF holds. The Fund also will incur brokerage costs when it purchases ETFs.

**DAVIDSON MULTI-CAP EQUITY FUND**  
**NOTES TO FINANCIAL STATEMENTS**  
at June 30, 2026 (Continued)

- **Sector Emphasis Risk.** The securities of companies in the same or related businesses, if comprising a significant portion of the Fund's portfolio, could react in some circumstances negatively to market conditions, interest rates and economic, regulatory or financial developments and adversely affect the value of the portfolio to a greater extent than if such business comprised a lesser portion of the Fund's portfolio.
- **Information Technology Sector Risk.** The Fund may invest a significant portion of its assets in companies in the Information Technology sector. Factors such as failure to obtain, or delays in obtaining, financing or regulatory approval, intense competition, product compatibility, consumer preferences, corporate capital expenditure, rapid obsolescence, competition from alternative technologies, and research and development of new products may significantly affect the market value of securities of issuers in the Information Technology sector.

**NOTE 9 – OFFICERS**

Ms. Elaine Richards resigned as Secretary and Vice President of the Trust effective March 20, 2026.  
Ms. Lillian Kabakali was appointed Secretary and Vice President of the Trust effective March 20, 2026.

**DAVIDSON MULTI-CAP EQUITY FUND**  
**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

**To the Board of Trustees of  
Advisors Series Trust and  
Shareholders of  
Davidson Multi-Cap Equity Fund**

**Opinion on the Financial Statements**

We have audited the accompanying statement of assets and liabilities of Davidson Multi-Cap Equity Fund (the "Fund"), a series of Advisors Series Trust (the "Trust"), including the schedule of investments, as of June 30, 2026, the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of June 30, 2026, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB. We have served as the auditor of one or more of the funds in the Trust since 2003.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of June 30, 2026 by correspondence with the custodian and brokers; when replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.
